

# SMOOTHIE BIKES

ANIMATION®

Our amazing human powered "smoothie bikes" offer a unique, fun, entertaining, and environmentally friendly way to produce healthy fruit smoothies. The specially designed smoothiebikes are a unique and engaging way for people to have fun, keep fit, promote sustainable energy and healthy living.

We supply the smoothiebikes in 2 ways :

**Full-service** : we provide the smoothiebikes, with a table and all equipments needed to prepare the smoothies, the fruits and bio-degradable cups, and one or more persons to manage everything.

**Rental only** : we provide the smoothiebikes, with a table, everything needed to prepare the smoothies or juices and a brochure with instructions and recipes. But we do not provide the fruits, the cups and crew.

**The smoothiebikes are available in 2 sizes :**

- standard : for older children (+8) and adults
- junior : from small children

**Options :**

- a fridge to keep the fruits fresh
- branding of the front wheel

**Remark** : We can also provide pedalpowered energybikes where the produced electrical power is used to activate an electrical smoothie blender.
