

AIRHOCKEY CARBON

ANIMATION®

The Airhockey Carbon guarantees hours of playing fun.

With its beautiful and sturdy Carbon-look body and strong legs, it stands well stable. The Airhockey Carbon has a fast black or white PVC playing field, gray Formica pads and a powerful 220v UGLS blower (creates whirlwind for optimal dispersion!).

Games can be played with 2 or 4 due to the inviting play size with a length of 180cm.

Complete with luxury electronic integrated scoring system (3 displays in the frame and control panel in the side hood), allowing you to play with various time-tracks and inviting sounds.

There are also manual score counters on the surround so you can choose how scores are kept.
